Make up & other stories

CHECKLIST

WEDDING DAY

- [ ] Check traffic and travel times so you arrive at the venue on time.
- [ ] If you didn't do it the night before, reshare the getting-ready and dressing timeline with everyone involved, so they are ready at the right time.
- [ ] If you want to shower, be ready in your getting-ready outfit when the glam team arrives. Don't wash your hair again; if you do, dry it in time.
- [ ] Take care of all essential communications before glam prep, then put your phone away.
- [ ] Tidy the room where you will get ready before the glam team arrives.
- [ ] Prepare the items requested by your photographer and display them with any other details you want photographed.
- [ ] Hang your dress and take it out of its garment bag.
- [ ] Keep your clutch, emergency kit and sewing kit close at hand.
- [ ] If any payments are outstanding, prepare envelopes with the exact amounts and hand them—or have them handed—to suppliers as they arrive.
- [ ] Moisturise your body (décolletage, legs, arms, elbows and hands).
- [ ] If you wear one, remove your bra when you begin getting ready so it doesn't leave marks.
- [ ] Eat, brush your teeth and put in your contact lenses before make-up.
- [ ] Use the bathroom, freshen up and apply deodorant before putting on your dress.
- [ ] You handled the organisation until yesterday. Today, make space for emotions and enjoy every second!

be the bride of your dreams ♡
